**1. Demande de subvention :**

- ⇒ **Association « Longue Vie en Champagne »** : elle prend en charge l'animation des personnes âgées à l'EHPAD de Verzenay. Son but est d'organiser et favoriser tout ce qui peut aider au bien-être des résidents. Il est proposé de reconduire la subvention de 2024 qui était de 100€.
- ⇒ **Association des Secrétaires de Mairie de la Marne** : cette nouvelle association a été créée pour faciliter l'échange et l'entraide, développer des actions de formation et d'information et pour valoriser et promouvoir la fonction.  
Nous apportons notre soutien à cette association en leur proposant le prêt gratuit du foyer rural pour leurs futures réunions et en leur offrant une collation lors de leur première rencontre.

**2. Matinée citoyenne du samedi 10 mai 2025 :**

Liste des ateliers : Fleurissement, Nettoyage de l'abri de bus de Wez, marquage au sol des jeux dans la cour de l'école, nettoyage des bords de routes, patio de la médiathèque, ponçage de la grille autour de la terrasse de la mairie, nettoyage de la mare dans le jardin de la biodiversité.

Le Petit-déjeuner et l'apéritif seront offerts aux participants pour ce moment de partage.

Nous sollicitons les jeunes du CMEJ ainsi que les membres du Conseil municipal pour participer à cet événement.

**3. Cinéma plein-air du samedi 06 septembre 2025 :**

Nous fêterons cette année les 60 ans de Val-de-Vesle, c'est pourquoi la commune offrira l'apéritif afin de se retrouver après les différentes activités des associations.

Il n'est pas prévu à ce jour de buvette ni de restauration. Juste un pique-nique sorti du sac pour les personnes qui le souhaitent.

Le film retenu pour cette soirée est : « **Un p'tit truc en plus** ».

## 4. Questions diverses :

- ⇒ Nous souhaiterions aménager un endroit, au rond-point près du parc des Grands Bois, pour mettre un panneau fixe qui permettrait d'accrocher les banderoles concernant les différentes manifestations proposées par la commune.

Eden LEICHTENAU se propose de créer les affiches et les nouvelles banderoles pour la matinée citoyenne, la fête de la musique, le marché rural et la brocante.

- ⇒ Après l'achat de 2 sapins à Courmelois et Wez, nous aimerions créer un nouvel espace devant l'école (côté rue du Général de Gaulle) pour les fêtes de fin d'année.

La commission décide d'acheter 3 champignons avec un lutin :

- Amanite 3D blanc et rouge hauteur : 1,50m - largeur : 0,9m
- Bolet 3D blanc et jaune hauteur : 1m - largeur 0,95m
- Cèpe 3D blanc et rouge hauteur : 1,50m - largeur : 0,75m
- Nain d'HEREBOR : effet pétillant rouge vert et blanc hauteur : 2,10m - largeur : 1,10m

Le Devis Decolum pour ces illuminations de Noël est de **6403,20 €**

| CÈPE 3D                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | BOLET 3D             | AMANITE 3D | NAIN D'HEREBOR 3D |        |         |        |       |        |       |          |                  |           |               |            |               |   |     |             |      |   |       |   |             |                     |                |                      |         |     |           |      |        |      |              |      |       |   |        |   |             |             |               |           |                |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |             |        |          |        |         |        |       |        |       |          |                  |           |               |            |               |   |     |             |      |   |       |   |             |                     |                |                      |         |     |           |      |        |      |              |      |       |   |        |   |             |             |               |           |                |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |             |        |          |        |         |        |       |        |       |          |                  |           |               |            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |             |        |          |        |         |        |       |        |       |          |                  |           |               |            |               |   |     |             |      |   |       |   |             |                     |                |                      |         |     |           |      |        |      |              |      |       |   |        |   |             |             |               |           |                |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |             |        |          |        |         |        |       |        |       |          |                  |              |               |            |               |   |     |             |      |   |       |   |             |                     |                |                      |         |     |           |      |        |      |              |      |       |   |        |   |             |             |               |           |                |   |

- ⇒ Nous étudions la possibilité de créer un parcours Savoir Rouler pour les vélos, trottinettes et draisennes sur l'ancien terrain de basket de Wez. Nous prendrons contact avec l'association Prévention routière de Châlons en Champagne afin d'avoir des conseils.

**La réunion s'achève à 21h30.**
